You are a merchant and you accept the meal voucher in your store/restaurant?

This message is for you

Following the recent government announcements concerning the temporary closure of restaurants due to COVID-19, the VIA Luxembourg federation of meal voucher issuers has decided to provide you with all the support you need in these very difficult times.

Indeed, it has been decided to extend the validity date of the 2020 meal vouchers in circulation. **Thus, meal vouchers valid until February 2021 will now be valid until the end of June 2021.**

We hope that this contribution will help you get through this difficult period.

IN PRACTICE :

Extension of meal vouchers whose validity date will be expired on February 28, 2021.

The validity date indicated on the voucher may be extended. All meal vouchers that expired on February 28, 2021, will be valid for an additional 4 months. As a merchant/restaurant, you must now take into account a validity until the end of June 2021. The issuers (Edenred and Sodexo) will then reimburse you in accordance with your usual terms and conditions.
